**DANGER – Extremely Flammable  
CONTENTS UNDER PRESSURE. VAPOR  
HARMFUL OR FATAL IF SWALLOWED.  
WARNING! CONTAINS LEAD**

## **DIRECTIONS**

### **Use With Adequate Ventilation**

1. Surface Preparation: Surface should be thoroughly clean and dry. Dirt, grease, oil, loose rust and paint may be removed. Mask surrounding area to protect against overspray.
2. Spray at room temperature. Spray best at 70°F, 21°C.
3. Shake can vigorously until agitator ball moves freely. Repeat often during use.
4. Hold container 10 to 12 inches from surface to be painted. Spray with a steady even motion. For best results apply two light coats rather than one heavier coat. Recoat any time.
5. Clean Valve After Use: Invert can and clear valve with a jet of gas (about 3 seconds). If spray button is clogged, carefully remove from can and run knife edge through tiny slit at end of spray button stem. Clear button orifice by inserting pin. **DO NOT INSERT PIN OR OTHER SHARP OBJECTS INTO VALVE OPENING OF CAN.** Replace sprayhead with gentle twisting motion, holding can away from yourself.

**WARNING:** Reports have associated repeated and prolonged occupational over-exposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

**CAUTION:** Contains propane as pressurizing agent. Keep away from heat, sparks, and open flame. **DO NOT PUNCTURE, INCINERATE, PUT IN TRASH COMPACTOR, OR STORE ABOVE 120° F.** Store out of the sun's rays or auto windows. To avoid breathing vapors or spray mist, open doors and windows or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air or wear respiratory protection or leave the area. Avoid contact with skin. Do not apply on toys or other children's articles, furniture, or interior surfaces of any dwelling or facility which may be occupied or used by children. Do not apply on exterior surfaces of dwelling units, such as windowsills, porches, stairs or railings to which children may be commonly exposed.

**FIRST AID:** If accidentally sprayed in eyes, wash and flush thoroughly with water. Call physician immediately.

### **KEEP OUT OF THE REACH OF CHILDREN**

**WARRANTY STATEMENT:** Seller cannot control use of the spray can, therefore Seller makes no warranty, expressed or implied, other than replacement of can upon failure to spray.
